

Gallery ROM in Oslo and Jaroslav Fragner Gallery in Prague are proud to invite you to:

## ART & ARCHITECTURE INTERVENTION

In Norwegian and Czech Urban Landscape

Thursday April 6th 2017 at 18:00 - 21:00

ROM, Maridalsveien 3, Oslo

### Background

In the spring of 2016 Gallery ROM was a partner in **Artscape Norway**, a project initiated and produced by Jaroslav Fragner Gallery in Prague.

**Artscape Norway** aimed to examine the sensitive dialogue of art, landscape and architecture in Norway by having a closer look at several successful projects such as *Norwegian Tourist Routes*, *Skulpturelandskap Nordland* and other new and ongoing art & architecture initiatives.

The result was a great exhibition, a conference, a series of workshops in Prague and publication of an exquisite catalog.

**Artscape Norway** was kindly supported by EEA Grants, from Iceland, Liechtenstein and Norway, and continue as project "Artscape Island".

We present the experience of our cooperation in an event at ROM that contains lecture, presentation & debate:

### Program

18:00 **New Public Spaces in the Czech Republic.** Lecture by Petr Kratochvíl

18:30 **Artscape Norway** Presentation by Dan Merta

19:00 **Debate** with among others Inghild Karlsen, Jiří Havran, Einar Jarmund and Petr Kratochvíl

20:15 **Made in Nature** Documentary film by Jan Strejcovský
