

**FUTURE FORCES FORUM**17<sup>th</sup> – 21<sup>st</sup> October 2016, Prague, Czech Republic**Motto: „BetterSecurity = BetterFuture“**

The **Future Forces Forum (FFF)** is supported by the Ministry of Foreign Affairs of the Czech Republic and many other national and international institutions. The objective is to support and promote government, industry, science, research and education in the field of defence and security. It is a way of international global networking and presentation of the trends in the field of defence and security in the form of **conferences, seminars, workshops, exhibitions and business meetings** - B2G (business-to-government), B2B (business-to-business) and G2G (government-to-government). The **FFF** project is primarily focused on the presentation of current and future needs of the armed and security forces and offers for the representatives of security forces, industry, science and research worldwide. The Project seeks to create conditions for the most effective cooperation between all of these sectors.

**MAIN CONCEPT OF THE FFF:**

- focus on **affordable and achievable technology** for today's operations
- examine the developments operationally and technically affecting **international operation's needs**
- look at **future concepts, projects, innovations, new materials, future operation's needs**
- offer the possibility to each nation to **support development in defence and security**, the latest products and technologies
- **discussions** of interoperability, counter terrorism, capability development, fostering partnership, etc.
