

MUSEUM OF SENSES

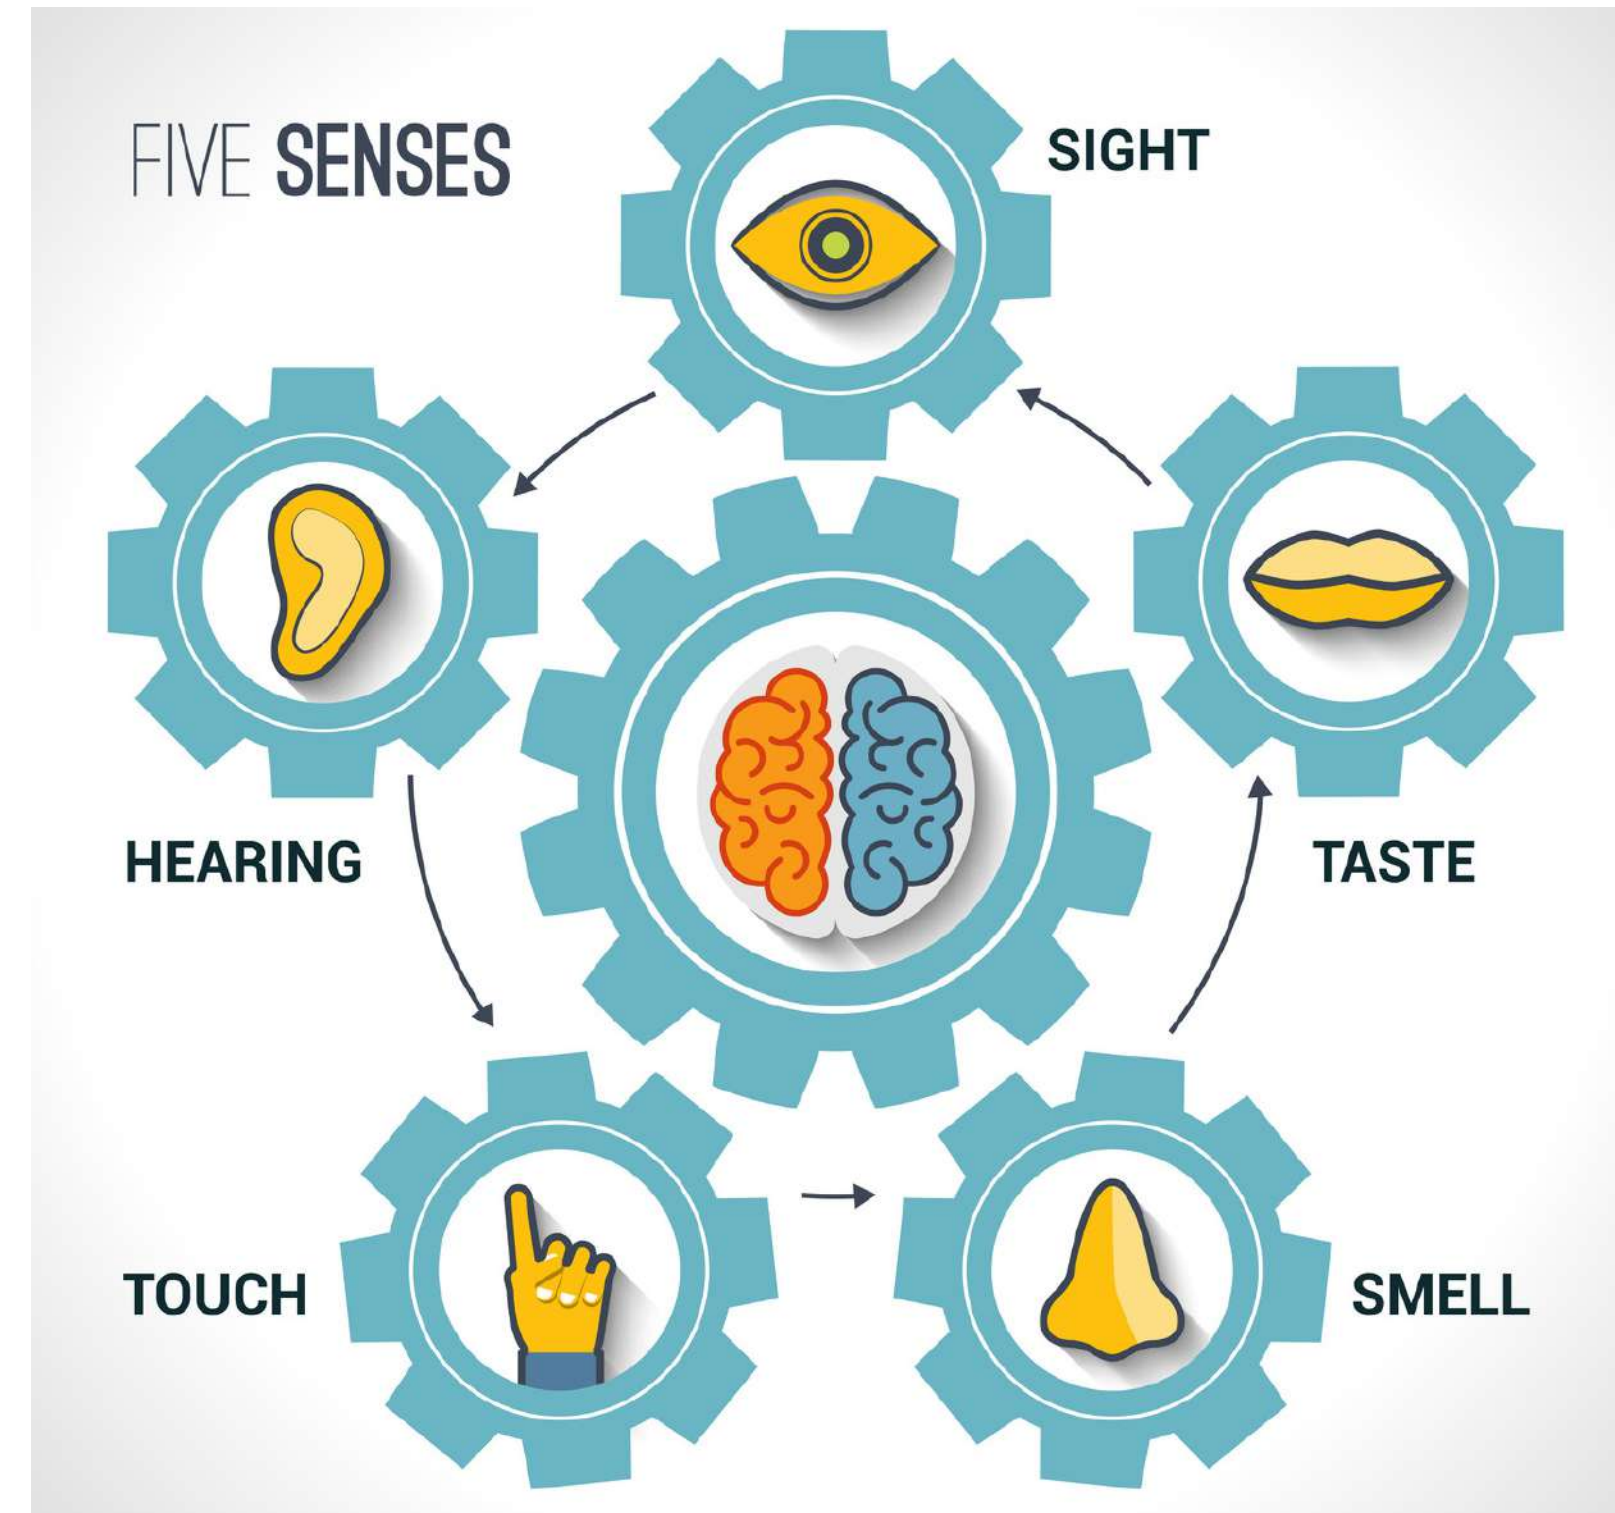

ABOUT THE MUSEUM

Museum of Senses is a unique concept that shifts entertainment to the next level. The museum is as educative, as amusing, suitable for grown-ups as for the youngest ones.

What matters only is, if you can discover the world with the child curious eyes.

The museum aims to present human senses in a funny, yet educative way.

Get into the conversation with Einstein, touch our 3D horses as they would be real, let your eyes to be confused by becoming small dwarf and in the minute huge giant. All this and much more is awaiting you at the Museum of Senses!
